

## Citrix Installation for Windows

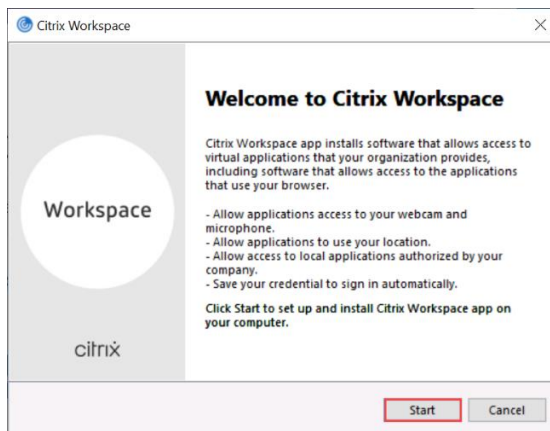

1. Click **Download Citrix Workspace app for Windows**. The file should automatically start downloading.

2. Once the download is complete, click **Open File**.

3. Once the Welcome screen pops up, click **Start**.

4. Check the **I accept the license agreement** box and click **Next**.

Citrix Workspace

### License Agreement

You must accept the license agreement below to proceed.

**CITRIX LICENSE AGREEMENT**

Use of this component is subject to the Citrix license or terms of service covering the Citrix product(s) and/or service(s) with which you will be using this component. This component is licensed for use only with such Citrix product(s) and/or service(s).

5. Check the **Enable single sign-on** box and click **Next**.

Citrix Workspace

### Enable Single Sign-on

When enabled, single sign-on remembers your credentials for this device, so that you can connect to other Citrix applications without having to sign in each time. You should do this only if your IT administrator has instructed you to. This will take effect the next time you log on to this device.

Enable single sign-on

For more information on configuring single sign-on, please see article CTX133982 at [citrix.com/support](https://citrix.com/support).

6. Check the **Enable app protection** box and click **Install**.

Citrix Workspace

### App protection

Enable this option to prevent screen captures of the app, and to protect it from keylogging malware.

Enable app protection

Warning: You cannot disable this feature after you enable it. To disable it, you must uninstall Citrix Workspace app. For more information, contact your system administrator.

Install Cancel

7. Once you see the Installation successful screen, click **Finish**.
